Biography

Dr. Erica Winnicki is a pediatric nephrologist who cares for children and adolescents with all types of acute or chronic kidney problems.

Dr. Winnicki's research focuses on improving long-term outcomes for children and adolescents with end-stage kidney disease.

After earning her medical degree at Wake Forest School of Medicine, Dr. Winnicki completed a residency in pediatrics and a fellowship in pediatric nephrology at UCSF. She belongs to the American Society of Pediatric Nephrology and American Society of Nephrology.
