

## Phillip Moore, M.D.

Professor of Pediatrics  
Director, Pediatric Cardiac Catheterization Laboratory

### Contact Info

Phone: (415) 353-4140 or (415) 353-2008

Fax: (415) 353-4144

Email: [phillip.moore@ucsf.edu](mailto:phillip.moore@ucsf.edu) <sup>[1]</sup>

## Curriculum Vitae

### Education

- University of California San Diego, School of Medicine, MD, 1985

### Residencies

- University of Washington Medical Center, residency, pediatrics, 198

### Fellowships

- University of California San Francisco Medical Center, fellowship, pediatric cardiology, 1992

### Program Affiliations

- Cardiovascular Genetics Center <sup>[2]</sup>
- Pediatric Cardiac Catheterization Laboratory <sup>[3]</sup>
- Pediatric Cardiac Intensive Care Unit <sup>[4]</sup>

## Clinical Expertise

- Patent ductus arteriosus closure
- Atrial septal defect device closure
- MRI-guided catheter-based treatment of congenital heart disease.

## Biography

Dr. Phillip Moore, director of the Pediatric Cardiac Catheterization Laboratory at UCSF Benioff Children's Hospital, specializes in the treatment of congenital heart disease and is active in developing and testing new catheter-based devices and procedures.

He is internationally known for his work on patent ductus arteriosus and atrial septal defect device closure as well as the new field of magnetic resonance image (MRI) guidance of catheter-based treatment of congenital heart disease.
