

## Our Calling - Dr. Mary Norton

Apr 5, 2016

*Our doctors, nurses, and staff come from all walks of life with incredible backgrounds and life experiences. What leads them to the path of their chosen profession? We asked our staff to tell us what makes them passionate about the good work they do day in and day out at our medical centers. These are their stories.*

Dr. Mary Norton <sup>[1]</sup> is a Maternal Fetal Medicine specialist as well as a clinical geneticist. She specializes in the care of women at high risk for having a baby with a birth defect or genetic disorder. She oversees the prenatal diagnosis program at UCSF, and is an expert in high-risk obstetrical ultrasound and prenatal diagnosis procedures such as amniocentesis and CVS.
